

Original Hubsan H502E X4 Drone With 720P HD Camera 2.4G 4CH GPS Altitude Mode RC Quadcopter RTF Mode Switch Dron Toys

Features:

720P Camera: The built in 720P camera are tuned amazingly to capture pictures and videos from the sky.

GPS Altitude Hold: Built-in GPS can lock the drone's position, hovering at a certain altitude.

Headless Mode: When enters into headless mode, the controls will be set to one direction based on the quadcopter's current path.

One Key to Return: The fight control system will automatically control the quadcopter to turn to home and land.

6 Axis Gyro: Strong stability, stronger wind resistance, easier to control.

Brand: Hubsan

Model: X4 H502E

Color: White

Frequency: 2.4Ghz

Channel: 4CH

Gyro: 6 Axis

Charging time: About 40mins

Flying time: About 12mins

Control distance: About 200m

Flight battery: 7.4V 610mAh 2S li-po battery

Transmitter battery: 4 x 1.5V AAA battery (not included)

Function: Up / Down, Turn Left / Right, Forward / Backward, Spin, GPS Positioning, One Key to Return, with Camera

Type: Quadcopter,RC Simulators

Brand: Hubsan

Features: GPS

Motor Type: Brushed Motor

Functions: 360 degrees spin, Camera, Forward/backward, GPS location tracking, Headless Mode, One Key Automatic Return, Turn left/right, Up/down

Built-in Gyro: Yes
Level: Advanced Level
Age: Above 14 years old
Remote Control: 2.4GHz Wireless Remote Control
Channel: 4-Channels
Control Distance: 100–300m
Detailed Control Distance: About 200m
Transmitter Power: 4 x AAA battery (not included)
Model Power: 1 x Lithium battery(included)
Flying Time: 10–13mins

FPV X4 DESIRE

SUPERIOR FUNCTIONALITY DRONE

GPS Precise Positioning & One Key Smart Automatic Return

H502E

Excellence Performance

Enjoy To Fly

Start one key smart automatic return at any time in flight

H502E drone can automatic return and anti-lost

ONE KEY SMART
AUTOMATIC RETURN

GPS System

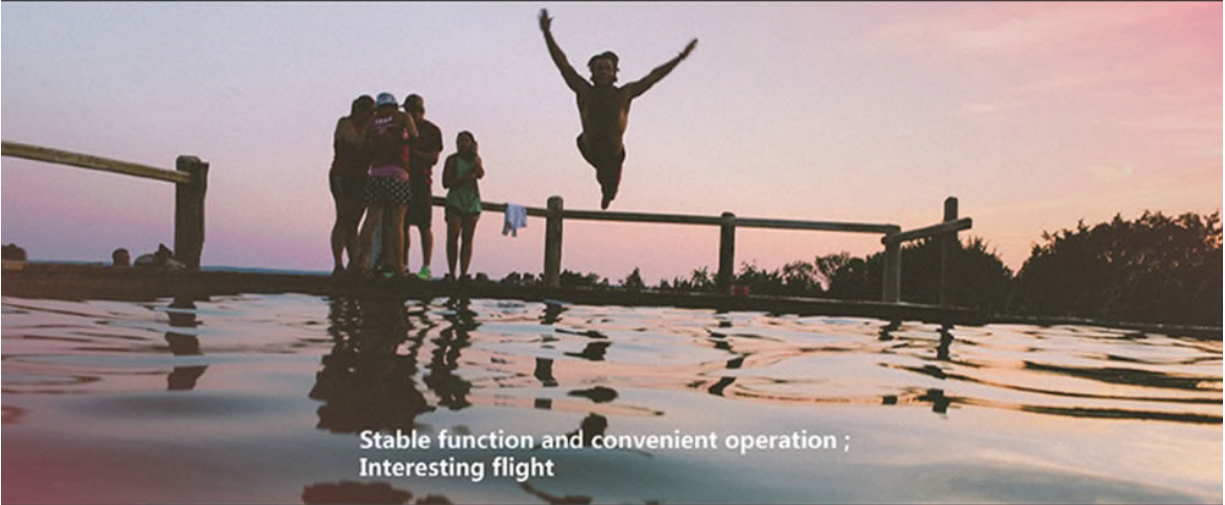

Precise positioning and precisely lock the drone height and position in the air to keep safety fly.

Stable Hover

H502E drone can keep long time stable hover after enter altitude mode ,it's easy.

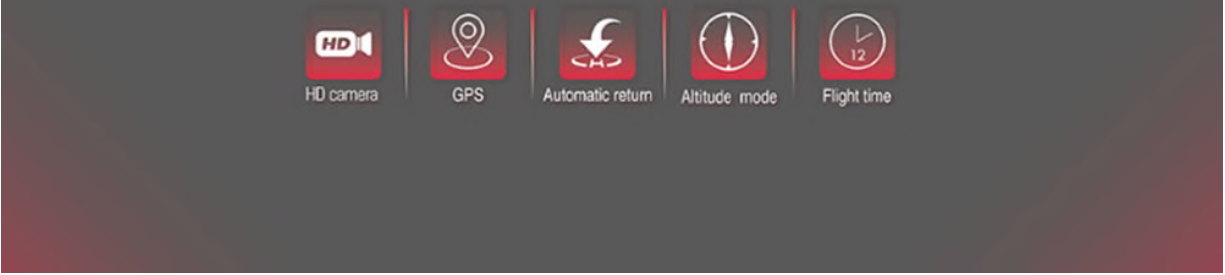

Stable function and convenient operation ;
Interesting flight

H907

High quality and good hand touch , simple and smooth operation make you human-machine incorporate.

HUBSAN[®]

PRODUCT DETAILS

Unimpeded outdoor wind resistance

Quadrotor is made of materials which have a strong tenacity, so it has a strong wind resistance. It is more suitable for outdoor flying

Motor drivers

It adopts four independent motor drivers, which can make it fly more smoothly easily finish all kinds of flight movements

PA flexible blades

The blades are made of nylon engineering plastics which have a strong flexibility, heat resistance, corrosion resistance, and a low friction coefficient, so its flight performance and safety performance are higher

Safe undercarriage

The design of compositional undercarriage is convenient to be assembled and dismantled, and it plays a quake-proof role when the aircraft lands. At the same time, it can ensure the security of the camera

Package weight: 1.565 kg

Product size (L x W x H): 16.50 x 16.50 x 6.00 cm / 6.5 x 6.5 x 2.36 inches

Package size (L x W x H): 40.00 x 25.00 x 19.00 cm / 15.75 x 9.84 x 7.48 inches

Package Contents: 1 x RC Quadcopter, 1 x Transmitter, 1 x 7.4V 610mAh Li-Po Battery, 1 x USB Cable

Product Safety Disclaimer:

We do not accept any responsibility or liability for misuse of this or any other product. All our products are extensively tested to comply with rigorous and strict QC standards. For certain products (e.g. toys, knives, etc.), we recommend proper supervision as we cannot be held liable for misuse or accidents.

Notice:

Please ensure the RC device is correctly calibrated before first time use. Any damage caused by misuse and/or general wear and tear is not covered by the warranty.
